

UU Ministry for Earth envisions a world in which reverence, gratitude, and care for each other and for the living Earth are central to the lives of all people.

Our Mission is to inspire, facilitate, and support personal, congregational, and denominational practices that honor and sustain the Earth and all beings.

Core Values

Faith and Spirituality: UUMFE is grounded in the Seven Principles of Unitarian Universalism as well as the proposed 8th Principle, “journeying toward spiritual wholeness by working to build a diverse multicultural Beloved Community by our actions that accountably dismantle racism and other oppressions in ourselves and our institutions.” Climate Justice is a moral imperative.

Environmental Justice: UUMFE affirms and promotes the framework of race- and class-informed environmental justice and strives to center the leadership and needs of frontline communities.

Partnership and Collective Action: UUMFE invests in partnership and collective action to enact system-wide change required to protect and restore Earth’s web of life.
